

Thanks to public servant

To the editor:

I would like to thank a public servant for coming to my aid last week. Due to circumstances, I was unable to conduct business in the Register of Deeds office during business hours.

Craig Olive was contacted on Saturday morning and was told the problem that I was facing.

My wedding was scheduled to take place at 7 p.m. on Saturday. Without any hesitation, Olive was glad to meet me and my future husband down at his office and issue our marriage license.

I would like to thank Olive, Johnston County Register of Deeds, for his loyal dedication to the citizens. You don't find too many public servants that will abandon his day off to help out others.
